

Swindon Cycle Orienteering Challenge

We've got a pretty good network of traffic-free cycle paths across Swindon. Why not explore them with a fun cycle orienteering challenge?

There are 36 orienteering points for you to find, they are marked on this map by numbered red circles. When you get to the point look out for the marker below which should be attached to a lamppost, railing or signpost:

The marker will contain a letter in the bottom right hand corner

All you need to do when you find the marker is write the letter in the grid (below) in the box that corresponds to the location's number. This is a way of showing that you have been to each location. For a bit more help on finding orienteering points please see the Swindon Travel Choices website: www.swindontravelchoices.co.uk/cycling

1	2	3	4	5	6
7	8	9	10	11	12
13	14	15	16	17	18
19	20	21	22	23	24
25	26	27	28	29	30
31	32	33	34	35	36

When you have collected all 36 letters and completed the grid below send this grid (or a copy of it) to the address / email below. All correctly completed forms will receive a small prize.
