

Directory

This section lists a number of manufacturers of cycle parking equipment. The list is not exhaustive, and Swindon Borough Council does not endorse or favour any particular manufacturer.

Be cautious when viewing manufacturers' catalogues or talking to sales people! As well as producing some excellent products many companies persist in producing and marketing types of cycle parking that do not meet modern day needs and that are not approved for use by the [Swindon cycle parking standard](#). Take care not to be mis-sold.
